Rev. R. Lalonde, S.J.
Caughnawaga, P. Q. Canada.

Dear Father:

I received your card and the relics several days ago and thank you so much for them. I regret that I have taken so long to thank you but business matters have kept me going so hard that I did not get down to writing. I know my friends will be delighted to get these relics and if any great cures are granted, I will let you know.

Please say a little prayer for my mother and myself occasionally as we are always in need of them especially that my work will hold out. I am employed with a patent firm and things are dragging a little at present.

I am enclosing herewith Two Dollars as a little offering and wish you much success in your wonderful work among your Indians. I hope some day to again visit your little village. Perhaps some other time I can do better.

With kindest regards, I am,

Yours very sincerely,

(Miss) Letha Hedemer
