

Our profession of faith today takes on a particular native colour, as you will find it on *Your Special Sheet*. Let us proclaim it slowly and deliberately.

We believe in the Creator, the Great Spirit,  
Maker of Mother Earth and Father Sky,  
Creator of the seasons and of all living things.

We believe in Jesus of Nazareth, a man of God,  
who lived with the courage of commitment,  
who sacrificed life that the people may live,  
for all people, for all ages, for us.

We believe in the Holy Spirit,  
the action-love of the Great One and of Jesus,  
who breaks down barriers between people  
and empowers us to love one another.

We believe in the community  
of committed and faith-filled people.

We believe it is our task  
to be the salt of the earth  
and the light of the world,  
justice and peace-makers,  
knowing that this calls us  
to the sacrifice of the cross.

We believe in the power  
of the Great Spirit's presence  
as it fills our hearts,  
helping us to reach outward  
in the Four Directions  
to all people in need of healing.

We believe in a just world,  
in equal rights for all.  
We believe in resurrection,  
and in a more full life  
with the Creator in the world beyond.

We believe! Help our un-belief! AMEN!
